

## Alternative Preparation/Endorsement Options (MA) at Wayne State University

**Qualifications:** In order to be eligible for the Fast Track Certification, teachers must meet the following criteria:

1. Be currently certified to teach grades 7-12 in any subject in the state of Michigan
2. Have six years of teaching experience
3. Have completed six training days in health or sex education at the ISD or other state-approved health education training site

### Program Requirements:

KHS 6540: Workshop in KHS: Program Planning for Teachers of Health Education 3 CR  
2007 - June 18 - June 29; 8:00 - 12:30

KHS 6540: Workshop in KHS: Performance Based Assessment for Teachers of Health Education 3 CR  
2009 – Dates, time and instructors to be announced (this class may be offered online in conjunction with The HEAP assessment course) and it may be offered as early as Fall 07.

Successful completion of the MTTC in Health Education. Register online at:  
<http://www.mttc.nesinc.com/> for Test Selection # 43.

### Process for Beginning Program:

Go to: <http://www.admissions.wayne.edu/>

Click on “Post Bachelor Students” – then “How to apply”

Follow the directions for how to apply either online or by downloading a pdf application form.

**NOTE:** This program starts in June of 07. The **application deadline** to be eligible for the program is **April 13, 2007**.

**Considerations:** Because you receive a significant tuition reduction as a post-bachelor student, you can never use these credits towards a master’s degree. WSU does have a 36 hour masters program with certification. If you are interested in that or have any questions regarding this program, contact Dr. Mariane Fahlman.
